

## Vikings Win, Frederic Loses District Cage Crowns

### Eagles Drop 74 to 52 Game To Snowbirds

The Frederic Eagles are rolling up a record of 21 straight basketball victories during the season, finally came to a cropper on Saturday night in the Gaylord District Class D championship game as they lost to the Gaylord St. Mary's Snowbirds 74 to 52.

Before a standing-room only crowd, the bench-heavy Gaylord team proved too much for Coach Dick Ebert's Eagles. All five starters for the Snowbirds hit in the double figures as they ran their victory string to 22 straight wins. Forwards Cas Dzwik and Mickey Enders had 20 and 15, respectively, Center Gene Nowak 11, and Guards John Cook and Dick McCoy chipped in with 14 and 15.

Frederic was paced by Forward Larry Baynham and Center Bob Pratt, each counting 13 points. Bruce Welch added 9, Wayne Winston 8, Alfie Hummel 7 and Louis Johnson 2.

St. Mary's hit for 27 field goals to the Eagles' 18 and at the free throw line the Snowbirds collected 20 points to Frederic's 16. St. Mary's grabbed a 19 to 11 first period lead and took the second quarter 22 to 12 to lead 41 to 26 at halftime. In the third period, Frederic came back to win 15 to 10 to make the score 51 to 41 as the final quarter of play started. The Snowbirds rolled to a big 23 to 11 final eight minutes to down the Frederic five going away.

Frederic advanced to the finals by stopping Central Lake 50 to 38 on Tuesday night and squeaking out a 35 to 34 last minute win over the Boyne Falls Loggers on Thursday night.

Frederic had a toughie in Boyne Falls and won the game in the last 40 seconds. After an 11-6 edge in the first frame, they trailed at halftime, 18-17, and at the three-quarter turn, 32-25. However, Boyne Falls chose to play defensive ball in the last quarter and made a big mistake for Coach Ebert's side. The round ball and went places to the tune of a 10-2 bulge. The winning bucket was registered by Bob Pratt, center, who took a rebound off his own backboard and ran it down to cage a bucket with 40 seconds left to play. Behind with two minutes left in the game, both teams played their starting five throughout the contest.

Pratt was top scorer for the winners with 10 buckets for 20 points, while Forward Frank Skop led Boyne Falls with 11 on 4-3.

Frederic drew the tough side of the bracket and had two rough games while the Snowbirds drew the easier side and breezed through to the finals.

Frederic, coached by Central Michigan College graduate, Dick Ebert, was ranked fourth in "D" by the United Press and compiled an 18-1 record in regular season play while sweeping the Snowland Conference crown.

The small high school boasts the best defensive average in the state — 34 points.

Ebert in his second year at Frederic, a consolidated school with only 213 pupils from kindergarten through high school, said the victory over Central Lake was a 100 percent improvement over last season.

Gaylord St. Mary, rated second in "D" this season and holder of a 20-0 record, wallowed Frederic 80-45, in Ebert's first shot at the state crown last year.

This season has seen a big change in the fortunes of Frederic, a town located in the AuSable state forest on US-27, north of Grayling, where the main industry is a souvenir plant.

"We had the biggest cheering section of the six teams that played in Gaylord Tuesday," Ebert said proudly. "The whole town turned out."

Ebert, who at 26 is married and the father of two children, is in his first job since leaving Central Michigan. A native of near Roscommon, he went out for freshman baseball at Central.

"But then I got married and I had to work as well as study," he said. "So I didn't have time to play sports."

Dick's Frederic quintet averages only five feet nine inches. Dick Pratt, the leading scorer stands six-foot-one. He is the only player over six feet.

"Our offensive average is only 61 points a game," Ebert said. "But that's good enough when you're holding the other clubs to an average of 34 points."

Last year Frederic had a 7-8 season mark going into the tournament. This year it was 19-0.

### '56 CRAWFORD COUNTY FIRE LOSS \$43,920

Loss by fire in Crawford County during 1956 was \$43,920.00, according to figures released this week by Grayling Fire Chief Middle LaMotte. Chief LaMotte said the loss was the result of 25 fires of which 8 were started by overheated heating systems.

"A closer checking on your furnace or heating system could help substantially in cutting this loss to a minimum," Chief LaMotte said. He urged users of circulator heaters to be extra cautious during the next few months. Warm days and cold nights bring about a situation where this type of heater is turned off during the day. Lighted at night to warm the home, the circulator heater on occasions is the cause of a fire or near fire when the fire pot is found to have filled with fuel during the period it has been turned off, the Chief remarked. He urged householders to always check the fire pot of this type of heater before it is lighted. If found to be full of fuel, the excess fuel should be removed before the fire is started.

### M. S. U. Glee Club Director Has Varied Career

The Michigan State University Men's Glee Club, which will appear at Grayling, Saturday evening, March 23, under the sponsorship of the Kiwanis Club of Grayling, will be directed by a man who has established himself fast in Michigan musical circles.

Edward Richmond, a member of the MSU faculty since 1951, is the director of the 62-voice vocal aggregation. He had done considerable advanced study, has varied concert experiences and a fine background as a director.

The Men's Glee Club, in its appearance here, is coordinate by the MSU Continuing Education Service "Cap and Gown Series."

Before coming to MSU in 1951, Mr. Richmond directed the Concert Choir and taught voice at North Central College, Naperville, Ill. Mr. Richmond received his musical education at the Chicago Conservatory, where he received his Bachelor of Music degree in 1949 and Master of Music in 1951. He also holds a certificate from the Fred Waring Choral Workshop.

White in school he appeared as tenor soloist with the Chicago Symphony, the Gary Ind., Symphony and the Chicago Apollo Club. He is also a former member of two widely-known vocal groups, the "Ambassadors of Song" and the "Mississippians."

In addition to directing the Glee Club, Mr. Richmond teaches voice. As faculty tenor soloist, he has appeared in recitals and such oratorios as Mendelssohn's "Elijah," Handel's "Messiah," and Beethoven's "Ninth Symphony."

### Red Cross Reaches Only 40.97% of Quota

Mrs. Leo Jorgenson, Crawford County Red Cross secretary announces that to date only 40.97% of the county quota has been reached. There is a long way to go.

Home Service is one of the Red Cross services which takes place within the county. From July 1st, 1956 to January 1st, 1957, \$341.54 was spent on this program within the county.

Another service locally is the loan closet which consists of six hospital beds, four large wheel chairs, one Junior wheel chair, two patients helpers, one over-bed table, one bedside table, two walkers and 2 1/2 pairs bed rails.

The following requests were made during last year: Nine requests for beds, eight requests for chairs, three requests for bed rails, two requests for patient's helper and one request for table.

These articles are loaned for as long as a period as the patients need them. Some of these articles have been in use by one patient for as long as three or four years. Contrary to what is said otherwise, AT NO TIME IS THERE A CHARGE MADE FOR THE USE OF RED CROSS LOAN CLOSET ARTICLES. The loans are made to persons living in Crawford County, but cannot not at any time be removed from the County. And one more stipulation is made, AT NO TIME CAN WE LEND THESE ARTICLES TO A HOME, FOR USE BY A PATIENT, WHO IS BEING CARED FOR BY PERSONNEL TO WHOM THE PATIENT IS PAYING BOARD AND ROOM AND NURSING CARE, SUCH AS A NURSING HOME, EITHER TEMPORARY OR PERMANENT NURSING HOME.

### Sportsmen's Club Holds Meeting

On the pike spawning bed project, pictured elsewhere special thanks are extended to Jack Millikin, Dick DuBois, Art Parkinson and the Conservation Department for the use of their trucks, and to all those who assisted in preparing the bed. Without their voluntary assistance the project would not have been accomplished.

### Grayling To Petoskey Regionals, To Meet Charlevoix Thursday

#### Vikings Win Crown With Two Close Games

Combining outstanding defensive play, accurate foul shooting and superior rebounding, the Grayling Vikings took on the two best teams of the Grayling District Tournament No. 70 and squeezed out close victories to win the District Championship. This is the first District Crown for the Vikings and Coach Bruce Smith since 1954.

The 38 to 34 victory over Roscommon and the 59 to 54 win over Mancelona were both decided by accurate foul shooting, a strong zone defense and some terrific rebounding. Both the Roscommon Bucks and the Mancelona Ironmen were equipped with good rebound men but the Vikings swept the boards on both teams.

In the Petoskey Regional, four District champions are entered. Besides the Vikings, they include the Charlevoix Raiders, the Gaylord Blue Devils and Northport. Grayling has defeated both Charlevoix and Gaylord twice this season, but little is known about the potential of Northport.

### LIBRARY NEWS

To start off here are some of the books we have: Runbeck's "Year of Love", "A Night to Remember" by Lord, and "The Nun's Story" by Hulme.

We had a little girl bring a book back the other day and said she did not want to take any more books out this winter - it's too cold. I was slightly baffled by her meaning. One little girl said her mother wanted a book "49 Miles to Freedom". Of course the mother sent for the book "Ten North Frederick" by O'Hara. We were sorry it was out.

Probably the biggest news, at least from the desk angle, is the circulation. It goes up and up. Which of course makes us very happy. In February we had six days we circulated 84, 76, 68, 63, 91 and 94 books. We call that good from a small library - but with only one in the library to circulate, find books, and do the shelving, when you circulate 60 to 100 books in five hours, you are busy.

With our new shelves and extra room, it is much more attractive for our readers. In Jan. 1957 we circulated 58 books. In Feb. 1,088 from the library. We have 494 books out in the county at stations and schools; that circulation has not been turned in these two months. Last year books loaned from the library totaled 10,569; from stations and schools in the county 5,642, making a total circulation of 16,211 books circulated. 133 magazines are 2,646 references, compared to the previous year, when 7,636 books, 1,222 magazines and 615 references were circulated.

The regular meeting of the library trustees on the 2nd Tuesday in April at 8:00 p. m. In Mrs. Souder's spare time we have been thinking about our summer reading project. Wouldn't "Summer reading ADVENTURE" be a nice title? We also talk about a story hour for the 4 to 7 year olds. If my ambition holds. If anyone likes to tell stories and would volunteer, fine.

I sincerely hope we all have a bigger and better library the year of 1957. If you have not been coming in to see us we invite you to come. We hope you will find something you would like to take home.

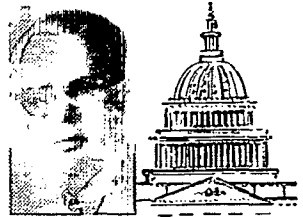

Ella R. Funck, Librarian

## Senator Potter reports

... the latest news from Washington  
of special interest to Michigan ...

February 25, 1957  
A BARRAGE of budget mail has hit Capitol Hill and my office has no exception. Scores of letters are pouring across my desk, expressing all shades of concern from mild disapproval to grave apprehension at the size of the federal budget.

I share that concern. Seventy-two billion dollars is quite a bit of change for Mr. and Mrs. America to spend in a single year. While I am confident that Congress will be able to whittle this out-size spending program, I would be less than candid if I predicted monumental savings.

As a member of the Committee on Appropriations, I have the task of trying to effect economies on the President's money requests. You may be sure that I shall work vigorously to trim the budget, without detriment to our national defense and essential government services, and without the aim of providing some well-deserved relief for the American taxpayer.

My thanks go to every one of you who have written me about this. Opinions from home are precisely what I want and need to perform satisfactorily as your Senator.

THE WHEAT WAR is my name for the current hassle over the wheat to change U. S. wheat standards. Department of Agriculture officials, for the first time in twenty years, are taking a long, hard look at standards for wheat.

I sincerely hope we all have a bigger and better library the year of 1957. If you have not been coming in to see us we invite you to come. We hope you will find something you would like to take home.

## 'NEVER TOO OLD TO YEARN'

## Nothing Sells Like Newspaper Ads

"At the retail level, nothing sells like newspaper advertising if the product has news-worthiness, is priced right, and if in-store promotion follows through."

That statement was made the other day by a Philadelphia advertising man, speaking at a sales forum. He gave the example of one of his clients, who gained \$8 million in retail sales over a three-months period. He added: "The real payoff of this promotion came as the result of newspaper advertising."

The other and newer media have their place—but they can't supplant the newspaper. That goes for the papers in the little towns no less than those in the great cities.

Some time now the Girl Scout leaders in Grayling and in surrounding towns have been trying to obtain a Girl Scout Leaders and Volunteer Workers Course with no success. We have discovered now that Grand Traverse offers such a course each Spring, beginning in March, and we may participate by enrolling and attending the one-night-a-week class for the six weeks course that is offered. It is now too late in the season to take advantage of this year, but certainly something to plan for next year.

It is now too late in the season to take advantage of this year, but certainly something to plan for next year.

Some time now the Girl Scout leaders in Grayling and in surrounding towns have been trying to obtain a Girl Scout Leaders and Volunteer Workers Course with no success. We have discovered now that Grand Traverse offers such a course each Spring, beginning in March, and we may participate by enrolling and attending the one-night-a-week class for the six weeks course that is offered. It is now too late in the season to take advantage of this year, but certainly something to plan for next year.

## BAND NEWS

On Saturday, February 23, the  
Grayling High School Band at-  
tended the District Band Festival  
at Traverse City.

Our day was spent as follows:  
We arrived about 9:00 a. m. and  
went directly to hear five of our  
members play their solos. From  
then on our time was our own  
until about 3:00 p. m. when we  
prepared to play our numbers for  
our rating. Afterwards we listen-  
ed to a few of the other bands  
perform. Then we left for Gray-  
ling and arrived about 7:00 p. m.  
A very enjoyable time and experi-  
ence was had by all of us who at-  
tended.

The following soloists perform-  
ed and received first division rat-  
ings: Carol Fenton, Mary Ann Un-  
derwood, and Bill File. Pat Cox  
and Cathy Stripe received second  
division ratings. Accompanists  
were Carol Fenton and Vivian  
Fenton.

Those numbers were played by  
the Band; "Men of Might" by  
Meratta, "Fantasy for Band" by  
Fenton, and "Lustspiel" by Keler  
a. He Senior Band received a

second division rating, which  
means an unusual performance in  
many respects. Judges for the  
festival were Dr. William Revell,  
Clifford Lilly, and Nelson Hau-  
enstein all from the University of  
Michigan.

The following personnel of the  
Band attended: Charles Garland,  
Shirley Malloy, Elaine Goss,  
Mary Ann Underwood, Karen San-  
Cartier, Kirsten Leitz, Sue Bidvia,  
Kathy Thompson, Helen Belch,  
Maryda Stillwagon, Florence An-  
derson, Carol Fenton, Bill Vada,

"I REMEMBER"  
BY THE OLD TIMERS

From Robert D. Owen, White City, Kansas: I wonder how many oldtimers can remember the old Backwoods Revivals or Camp Meetings.

The men, women, boys and girls would gather in some grove around 10 a.m. for preaching, and such preaching. It seemed the Holy Spirit was thick, two or three preachers preaching at the same time.

People would go for miles in wagons, on mules, riding double on horses and with horses and mules hitched to buggy carts, lumber wagons and spring wagons. Boys and girls and men and women on foot, some of them barefooted, but going to the camp meeting, as they called it.

Some would go and camp on the grounds the whole time. There were two services a day and one at night. They had plenty of preachers and they used them. No sex, breed or creed was barred, everyone was welcome.

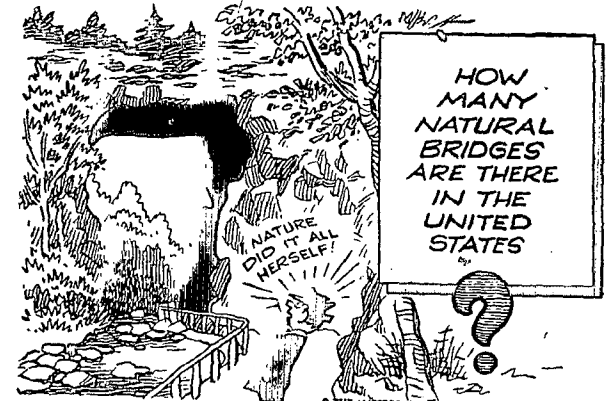

Every day they would have a basket dinner, good old home-cured pork, yellow-legged chickens, home canned vegetables, fruit butters, jellies, preserves—sure makes my mouth water, even now.

Could you afford to replace even half your blankets today? Why not play really safe and give them extra protection against moth damage. A Spring dry cleaning from GOULD'S does it! Pays in longer life, protection and beauty. Act now.

## April Election Tests State G.O.P. Chief

By Elmer E. White  
Michigan Press Association

A Big Test for the new Republican state chairman, Lawrence B. Lindemer, comes right on the heels of his election as Michigan's G.O.P. chief.

April 1, the Republicans will muster all strength to prevent Democrats from capturing their last two seats on the state administrative board—Highway Commissioner and Superintendent of Public Instruction.

It's a tough assignment. The Democratic powerhouse led by Governor Williams has proven strength. Unlike the fall elections, the Democrats also have a natural offensive position. The Republicans hold the major offices up for election, and they must defend their administration of these offices.

Confident optimism seems to prevail in the G.O.P. Lindemer, 35, represents the "New Guard" Republicanism. His strategy is to bring Eisenhower concepts to the state and county level.

"It's a working theory of government which ties in the rights of the individual with the responsibilities of the individual," he says. "It's the Republican state convention."

Republican leaders agree that the party must be strongly organized from the grass root levels up. They think Lindemer can do the job. Lindemer has strong faith in his own abilities.

Plans are under consideration to make Lindemer's chairmanship a full time position. (Former state chairman John Zeigler was paid \$75 a day, but only for the days he actually spent working.) A full time staff may be organized.

While the April 1 test is a big one, that election won't be a "true test" of Lindemer's ability. The time is too short to build a complete organization.

Lindemer recognizes that much of William's political success comes through campaign tactics waged between elections. Lindemer wants a permanent organization that can meet the governor on equal ground.

Besides Taxes, Paychecks, Education and Feteering are some of the many subjects covered in bills awaiting legislative action in Lansing. Some will pass. Most will never receive favorable committee action or come before the legislature as a whole.

High pay for state administrative offices are in a bill introduced by six members of the House of Representatives. Salaries of \$17,500 are asked for the Superintendent of Public Instruction, the State Highway Commissioner, the Secretary of State, State Treasurer, Auditor General and Attorney General. Except for the first two, the increases would not take effect until 1938.

In addition, Rep. George Sallade (R-Ann Arbor) is asking that

the Highway Commissioner post be taken out of politics by creating an appointive commission of seven members. In turn, they would be empowered to appoint a Highway Commissioner. But it is so close to a new election that such a change will probably not take effect for another four years, even if it is approved now.

Community colleges receive a boost from eight senators in legislation granting the Superintendent of Public Instruction power to approve their formation.

Sen. Clyde Geerlings (R-Holland) wants the highway department to post signs along state trunklines to indicate the penalties for scattering litter and dumping rubbish.

A bill that would prohibit the sale of "alertness pills" except by prescription is supported by Sen. Charles S. Blundy (D-Detroit).

Regulation of milk marketing is the object of a widespread proposal introduced by Bert J. Storey (R-Belding). His bill would authorize the licensing of milk dealers, establish marketing areas, regulate prices and trade practices, define the powers of the director of agriculture, and provide penalties for non-compliance.

Water sports enthusiasts can study a bill presented by Robert E. Paulkner (R-Coloma) which prohibits water skiing from being towed by boats if the operator is alone.

Finally, three state representatives have banded together to urge the passage of a bill prohibiting the tattooing of persons under 21.

The "Unpleasant" side of the St. Lawrence Seaway was emphasized recently in a special interim legislative committee report.

In effect the report states that Michigan will reap benefits from the new sea lane. But—and it's a big "but"—there are still many problems covering transportation and taxes that must be faced.

Port development is a primary issue. The committee points out that general cargo may be limited by the eight-month shipping season imposed by weather conditions.

In addition, the report notes that rail and truck transportation charges on imports and exports are non-existent. If levels must be worked out, existing legislation does not adequately cope with the problems which are certain to arise.

The committee recommends that planning and development of port facilities be left to local communities. The report advises that the state should not appropriate money for port construction, maintenance or operation.

Some public ports may be necessary. If constructed, the committee believes that a rigid set of principles be applied. These include: 1. Charges (tolls, rents and fees) should pay all operating expenses; 2. Any use of tax money for public development should only be by a majority vote of the people; 3. Public ports should not be granted a tax-free status.

Biggest advantage for Michigan will be the addition of worldwide raw material sources for industry. The Seaway will also add vitality to steel production in the Great Lakes area.

Committee advice: Communities should prepare through extensive study and real planning, rather than astronomical predictions.

## Savings Go Up In Crawford County

(Special to the Avalanche)

NEW YORK, March 11.—A new upsurge in saving has been noted among Crawford County residents. The old-fashioned virtue of thrift, which has been out of style for some time, is gaining in popularity locally.

Figures bearing this out have just been released by the Federal Reserve System in its biennial report listing "bank deposits—for every county in the United States."

At the end of the past fiscal year, the combined deposits in Crawford County's savings and commercial banks were at a high mark of \$2,040,000. This includes time deposits (savings accounts) and demand deposits (checking accounts) of individuals, partnerships and corporations and is exclusive of Governmental and interbank deposits.

The savings total, \$1,057,000, marks an increase of 32.6 per cent since the issuance of the previous Federal Reserve report, two years ago. It compares favorably with the increase noted for the United States as a whole, 11.0 per cent, and with the 6.4 per cent rise in the East North Central States.

The growth in savings is looked upon with favor by the Federal authorities, who see in it a natural source of funds to satisfy the expansion needs of industry as well as a weapon against inflation.

It is seen, also, as an answer to those who feel that extensive installment buying has left people in a precarious position. Concerning that, William J. Cheyney of the National Foundation for Consumer Credit says: "Contrary to the general opinion that American people are out on a limb in debt, the fact is that 55 per cent of the family purchasing units in this country owe no installment debt whatever."

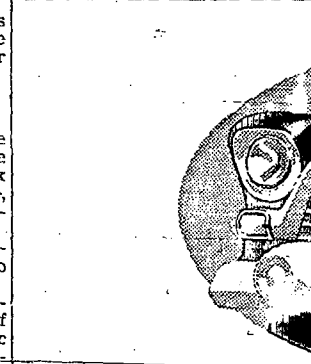

Consumers are paying their bills more rapidly today than ever before. Net credit losses suffered by retailers are lower than at any time in a generation. Actually, he declares, a majority of those with "installment" debt to

Grayling had a record in conference play of 10 wins and 4 losses, scoring 770 points and giving up 704. Their overall all season mark was 12 wins and 5 losses, scoring 943 to their opponents 852. #### Next Season To Bring Many New Players To Class C Conference

There are 37 young athletes from eight Northern Michigan Class C teams who are making their final appearance on basketball courts during the tournament.

They are Kenny Balch and Norm Helms on this year's Charlevoix Rayder cage squad, Terry Davis and Phil Timmer.

Elsewhere in the league Grayling will lose its entire starting line-up plus two others, Grayling will lose nine players, including two regulars as well as several who have started at various times during the season, East Jordan will lose four regulars, Boyne City will be without the services of five players including only one regular, Mancelona will lose one regular and Pellston and Harbor Springs will lose two regulars apiece.

At Grayling the Vikings big center Bob Strong, their scoring guard Dave Lowe, Tony Doremire, Bill Martin and Aubrey Welch all regulars will graduate in June as well as Bob Houghton and Don Campbell who have seen limited action.

Among the nine players Grayling will lose are Mike McKillop, Lonnie Campbell and Jim Jenkins, all regulars, Greg Styles, Gary Brandenberg, Dale Kreger, Harry Wolf, Jan Frens, an exchange student from Holland and Keith Riddle, all of whom have been in the starting line-up at various times during the season. All are seniors except Wolf who will be 19 in April and thus ineligible to compete next season and Riddle, a junior who will join his parents in Grand Rapids at the close of the current school year.

Four members of the starting lineup at East Jordan will be among the graduates in June. They are Larry Woodcock who is among the top four scorers in the loop, Ray Walker, Garth Thompson and Jack Ingalls.

John Juday will be the only regular left to the league champions, Boyne City. Other seniors who have seen limited action are Mike Bean, Bill Nulph, Ed Barden and Gary Coon.

Mancelona's center, big Bob Hardy, will be the only regular graduating this June. However, the loss of Norman LaCroix, Don Derr and Fayze Jabara, who have been regular substitutes for the first five, will be felt when next season rolls around.

Though Harbor Springs and Pellston will lose only two players each, they are athletes who have played major roles in their teams' successes this season. The teams will lose, respectively, second highest scorer in the league this season and Dick Keller, another stalwart, by graduation.

Pellston will lose the outstanding player on the Hornet squad this season, Ed Cabanaw, who although he is only a junior, will be ineligible because of the age limit and Ray Bonter, a senior.

Two members of the 1956-57 Charlevoix Rayder basketball team are among the top 15 scorers in the Northern Michigan Class C league, it has been revealed following the close of the regular season.

They are forward Norm Helms who scored a total of 22 points in 14 loop games for an average of 15 1/2 points per game and forward and guard, Kenny Balch whose total for the season is 141 points, or 10 points per loop game.

The pair are seventh and thirteenth, respectively, behind the leading scorer, Ronnie Johnson, 17-year-old Mancelona junior guard, who has dumped in an impressive total of 288 points in 14 loop games for an average of just over 19 points per game.

A consistent scorer, he tallied 139 during the first half of the season and 129 for the last seven games.

Trailing Johnson by only 10 points is Don Lauer of Harbor Springs who scored 126 in the first seven games and 132 during the last half of the season for a total of 258.

Johnson, who is a scoring guard, reached his season's record by scoring 409 field goals and 50 free throws in 92 attempts.

Lauer scored 104 field goals and the same number of free throws in 85 attempts.

Carl Charon of Boyne City, who jumped from seventh place in January to third as the season
